

VISIONOMY

ULTIMATE PASSENGER EXPERIENCE

VISIONOMY ARCHITECTURE

Live monitoring | Direct view | 1 To SSD recording capability | Up to 8 cameras

Visionomy® application ensures a real-time access of the flight views, shot by Otonomy's high-definition 1080 airborne cameras product line. Users can stream the camera flow using any personal device thanks to the aircraft WiFi router. This application includes features such as: recording your own sequences of the flight (take-off, landing, cities overview, particular landscapes) and taking snapshots thanks to the freeze function.
